

Letter of recommendation for Jonas A. Weinert

To Whom It May Concern,

I write to endorse the professional capabilities of Mr. Jonas A. Weinert, who has worked as a Data Analyst for the evaluation of the Global Fund Service Delivery Innovations Strategic Initiative, specifically focusing on Human Resources for Health and Quality Improvement. As the Director overseeing this project, I have observed Mr. Weinert's performance closely and can attest to his exceptional competence, unwavering commitment, and the utmost reliability.

In his role, Mr. Weinert has effectively shouldered a broad scope of responsibilities, from the orchestration of complex data collection and analysis to acting as an adept liaison among a variety of international and domestic stakeholders. These include esteemed organisations such as the Global Fund to Fight Aids, Malaria and TB, World Health Organization, Jhpiego, KIT Royal Tropical Institute, and leading academics from the London School of Hygiene and Tropical Medicine and the London School of Economics.

Mr. Weinert's forte lies in his capacity for excellent stakeholder engagement. He has navigated communications with an array of partners, from high-ranking officials to community-level stakeholders, across the United Kingdom, multiple West African nations, and the Global Fund's Geneva headquarters. His ability to adapt his communicative style according to context has been invaluable and is indicative of his superior interpersonal and communicative abilities.

Moreover, Mr. Weinert has played a pivotal role in streamlining various evaluation components across multiple geographies. He has also excelled in fulfilling client liaison duties, notably leading monthly engagement with the Global Fund and crafting pivotal project reports and other deliverable documents. His meticulous planning and punctual execution of diverse project elements speak volumes about his reliability and adaptability.

On a technical level, Mr. Weinert has demonstrated solid grasp of econometrics, particularly in the construction and interpretation of survey instruments and health register data. His work has been instrumental in maintaining the highest data quality and in enhancing the rigour of the project evaluations.

In conclusion, Mr. Jonas A. Weinert comes highly recommended for any role that necessitates a blend of technical expertise, sophisticated interpersonal skills, and robust project management capabilities. His contributions have been integral to the success of this complex, multi-faceted initiative. Should you require further elucidation on Mr. Weinert's capabilities, do not hesitate to contact me at sam.mcpherson@itad.com.

Yours Sincerely,

Sam
